**Navigation**

*Taleo* is accessed from the **TUPortal**. To access select **Taleo Talent Management System**.

The **Welcome Center** will present you with options to access the **Recruiting Center**, **Onboarding (Transitions)**, **Requisitions**, **Candidates**, and **Resources**. To access the **Recruiting Center** you will need to select the **Recruiting** link at the top of the **Welcome Center** page or you can select the **Recruiting** link in the navigation pane under the **Centers** title. The **Resources** section can be used to **Delegate** access in the **My Setup** area.
Selecting the **Recruiting** link will bring you to the list of your **Dashboard** page.

**Taleo Tip**: To create a Requisition, select the **Requisitions** tab at the top of the page.
The system automatically defaults to only showing you the requisitions you own. You can change the view by using the Filters panel on the left-hand side. You can change your dashboard filter to view information on which you collaborate or information within your coverage area. Coverage areas are Temple’s 3 or 5 digit department org.

It is recommended to use links and other navigation tools to move around the Recruiting Center instead of using the browser's Back/Next buttons. Avoid using the Back/Next buttons as they do not always yield consistent results.
1. You can search for your requisition using the **Quick Search** function. From the drop-down, select **Look up a requisition**.

![Quick Search](image)

2. Enter the **Posting Title** or **Requisition Number**, then select the magnifying glass or enter to complete the search.

![Look up a requisition](image)

3. The results will populate below. You can use the additional filters on the left-hand side to narrow down your results.

4. The **Menu** bar will bring you to different locations within Taleo. Selecting the specific title will bring you to that specific section. The blue arrow and black text are used to show you which section you are currently working in.

Creating a Requisition – Adjunct

Both the Hiring Managers and Department Recruiters can create a requisition.

1. To start the Requisition, select **Create Requisition** from the Requisitions page. Then select **Next** to **Create New Requisition**.

2. The first step is to select a requisition template. The template is selected by entering the PCN of the position you wish to fill.
   a. A valid PCN is **required before** you start the requisition. Please check with your Human Resources Business Partner or Department Budget Manager if you have any questions about the title, e-class, or grade associated with the PCN.
   b. Adjunct positions have pooled PCNs. If you have recently created a new department or changed your org code, you will need to check with your School/College Budget Manager if a new PCN was created for the Adjunct position.
   c. The format of the PCN will always be
      - **Adjunct**: A followed by your 5 digit org
      - **Artist in Residence**: M followed by your 5 digit org
      - **Clinical Adjunct**: C followed by your 5 digit org
      - **Research Adjuncts**: L followed by your 5 digit org

**Taleo Tip:** Do not use a requisition template/PCN that does not have your org code.
3. You can search for PCN’s by using the Filters function. For example, if you enter A then select Apply Filters to display the following:

![Filters function image]

4. Click the Select button next to the PCN desired. Your Requisition Template will then populate with your PCN and the template title.

**Taleo Tip:** You may directly enter data into the fields and the field will begin to auto-complete. The data takes a few seconds to populate. If your data does not populate, then you do not have a valid entry.

![Select button image]

5. Next, you will land on the page to Specify Attributes. Note: WE NEVER CHANGE THE JOB FIELD. THIS RESULTS IN REQUISITION PROCESS DYSPNFUNCTIONS.

6. Enter the Hiring Manager. This can be your name if you are performing that role. Again, you may type in the last name and wait for the field to populate, or you may use the Filters function.
7. Next, you will enter the organization. Start to type your 5 digit Home Org and suggested values will populate. Select the org desired.

8. The next step is to enter the location. Enter the campus and suggested buildings will populate.

Taleo Tip: If your employee will be working from home or working remotely, you can select Location INSIDE of PA, Outside of PA, or Outside of US. If they will be working both remotely and on campus (in a hybrid format) during the course of the appointment, select the appropriate campus location. If they are working only on campus, select the appropriate campus location. Also note, if you are hiring multiple employees on one requisition, the location must apply to all employees hired for that requisition.

9. The Job Field will populate from your PCN. Do not change what is entered in this field.

10. Select Next when all of the fields are completed.

There are different sections in the Requisition that need to be reviewed and completed. All required fields are marked with a red asterisk *.

Taleo Tip: Change the Show fields required to to: Request Approval. This will display all of the fields required for approval as opposed to just the fields required to Save the requisition. This does not send the requisition for approval.
Requisition Structure – Adjunct

1. Requisition Structure

   Identification

   You will need to enter information in this section such as:

   1. **Posting Title**: This can be edited to the specific role for the Adjunct
   2. **Number of Openings**: This can be edited to be as many positions as needed
   3. **School/College for Appointment Letter**: this will be used in the appointment letter
   4. **Banner Home Org**: same as the organization from the previous page – use the name from dropdown or selector icon to filter the correct response
   5. **Department Description for Offer Letter**: same as the organization from the previous page – use name from dropdown or selector icon to filter the correct response
   6. **Banner Check Distribution**: same as the organization from the previous page – use the name from dropdown or selector icon to filter the correct response
   7. **Justification for the position**: new position or replacement
   - If this is a replacement, you will need to enter the name of the previous incumbent
   8. **Name and TUid of Supervisor**: if the supervisor is not listed contact Taleo Help for assistance

   ![Requisition Structure Image]

   The **Supervisor** field is very important as this field will be imported into Banner and feed other systems such as the Org Chart. You can start to type a name or a TUid and the field will start to populate. Make sure the entry is available so you know it is valid.

   **Taleo Tip**: Some supervisors use their middle initial which might cause the supervisor to appear as not listed.

   ![Banner Supervisor - TUid for Org Chart Image]

   As an alternative, you can use the Quick Filter button. Type in a first name or last name, click the **Apply Filters** button and you will receive an appropriate selection list.
Structure

The structure section was completed after you selected the **Create Requisition** button. If you need to make any changes to the location or organization you can select **Modify Structure** to make these changes. Changes can only be made before the requisition is approved.

It is important to note that making any changes to this section could cause the hire to fail in Banner if the location, organization, and PCN do not match. Again, **never make changes to the Job Field**.

**Saving a Requisition**

All fields should be filled in and the requisition should be ready for approval. If you are still in the editing mode, at the top of your page, you will have four options.

1. **Cancel**: exits out of the requisition without saving changes.
2. **Done**: Save and collapses the various sections of the requisition.
3. **Save**: can be used throughout creating the requisition to ensure your work is being saved as you complete the fields.
4. **Collapse All**: collapses the various sections of the requisition.

**Taleo Tip**: If you save your requisition before it is complete and will need to return to it, you will need to edit to make changes. Once a requisition is open and approved, the Edit button will no longer be available. The **Edit All** button will open each field of the requisition. The **Pencil Icon** will open that specific section to edit.

**Taleo Tip**: If the section is yellow, you are in the editing mode.
**Taleo Tip:** As you move through the requisition, the **status box** on the left will update and display the status of the requisition.

**Taleo Tip:** Each requisition has a unique number that is used to identify the requisition. This can be found next to the posting title once the requisition has been saved. The first two numbers of the requisition number are for the year the requisition was created. The six numbers following are how many requisitions have been created year to date.
Inspect Tool

1. Use the green **Inspect** tool to review your progress. If any field requires information, it will be listed in the **Inspect Tool**.

2. Select **Save** to review your requisition in the editing mode or select **Done** to save and close out of the editing mode.

3. You can use the **Edit All** or **Expand All** button to make any changes. If you save your requisition before it is complete and need to return to it, you can select the **Edit** button to make changes. Once a requisition is open and approved, the **Edit** button will no longer be available.

4. If you are in the editing mode, select the specific item that needs to be completed to be brought directly to that section. Once all items have been completed, select **Done** located at the top right-hand side of the requisition. Now that the requisition is ready for approval, the **Inspect Tool** will read **File ready for approval**.

**Taleo Tip:** This tool is critical when determining why you are unable to save a requisition.
Requesting Approval for Requisition

1. If you are a **Department Recruiter** and have the appropriate authority to approve a requisition, then you can **self-approve** a requisition by selecting the **Request Approval** from **More Actions**.

2. If you are a **Hiring Manager**, the system will default to your **Department Recruiter** as the first approver. If the position is **grant-funded**, then you must add your **Research Administration** contact, Caristine Earl-Prince, as an approver.

3. To add department approvers, select **Add Approvers**. You can search for approvers in the new window to add to your list.

   **Taleo Tip**: If your requisition is a grant-funded position, you must include your Research Administration contact, Caristine Earl-Prince, to your approval path as the final approver.

4. When you are ready to request approval, add a comment in the comment box and select **Submit for Approval**. An email will be sent to the **Department Recruiter** to approve the requisition, starting the approval chain.
5. If you are the **Department Recruiter** on the requisition you have created, your name will appear first in the **Request Approval** box. Your approval will be given automatically since you created the requisition.
**Taleo Approver Role**

Requisition approvers in Taleo can review requisitions sent to them for approval. After reviewing the information on the requisition, respond with your approval and leave comments for other approvers. This can be done from the approval email or from the online website.

Sourcing

Posting a Position

This is an optional step for Adjuncts if you do not wish to post the job, this can be skipped and candidates can be matched to the requisition by the Hiring Manager or Department Recruiter.

1. Navigate to your approved requisition and open it. From the titles across the top of the page, select Sourcing.

2. Once in Sourcing, locate Career Sections at the top of the page. Select the Add career sections button.

3. A box called Career Sections Selector will open. Ensure the specific career section checkbox is selected. Then select Add / update career sections.
4. You can choose when to post the requisition, **Post from**, and when it should be taken down, **Post to**. Use the drop-down menus to pick from a range of timeframes or use the calendar icon next to each drop-down to pick a specific date. Then select **Save and apply** to post the requisition.

5. The designated time frame will be shown in the box along with the **Status**.

6. If you want to make any changes to the posting dates, you can go to the **Sourcing** tab in your requisition at any time. The **Modify** button will be available to you. You can extend or shorten an end date at any time.
Unposting a Position

1. To unpost a position and remove it from the job site, you can use the **Modify** button to open the Career Section window. Uncheck the box on the left side of the window. Your Status will update to Posted (To be unposted). Select **Save and Apply** to unpost the job.

2. After a job has been unposted, you can use the **Modify** button to repost the job if needed.
**Searching a Candidate**
There are two ways you can search for your candidate.

**Candidate Quick Search**

1. In the Quick Search box ensure your field is set to **Look up a candidate**.

![Look up a candidate](image)

2. Type your candidate’s name.
3. Select the **magnifying glass** or **Enter** on your keyboard to generate the search.

**Taleo Tip:** Always use the candidate’s first and last name. This will help identify candidates with duplicate profiles. Using a TUID could bring up an incorrect profile due to duplicate profiles.

**Find Candidates**

1. From the menu, use the **Find Candidates** section to search for candidates.

![Find Candidates](image)

2. In this search box, enter the name of the candidate you are searching for. The search function is specific, you will need proper spelling of names. Then select **Search**.

3. The name you searched will return results. If there is more than one profile for your candidate, all names will appear. Make sure you are selecting the appropriate profile.
Linking a Candidate to a Requisition

1. Select the checkbox of the name of the candidate you wish to match to your requisition to access their profile.

2. Then from More Actions, select Link to Requisition.

3. Internal candidates will be shown with a house icon. Within the profile, the Internal Candidate section will be indicated with a Yes response. All students or internal employees should have an internal symbol.

4. After selecting the Link to Requisition, a pop-up box will appear with a list of your requisitions. Select the checkbox next to the requisition (requisition ID = Requisition Number) to which you are matching the candidate. Then select Link to Requisition.
5. After clicking **Done**, a pop-up box will ask if you want to send an email to the candidate. Select **Cancel**, since the e-mail will invite the candidate to apply for the job that you have already linked them to.

6. The window will close and you will receive a notification stating your candidate has been matched to your requisition.
7. Navigate back to your requisition. It will now show a new candidate has been added.
Viewing Candidates

After candidates have either been matched or applied to your requisition, you will be able to view them in Taleo. You can navigate to candidates in two ways Submissions and Requisitions:

Submissions

1. **Submissions**: Navigate from your dashboard to your Submissions by selecting the Submissions title in your menu bar. Note that there are default filters set which impact your search results, and may give you the false impression that there are no results. Be sure to remove those filters you don’t need, such as “Draft.”

2. Using the Filters function, set the parameters to narrow down the submissions results down to your specific requisition.

   **Taleo Tip**: Search for candidate submissions using the Requisition ID number.

3. Once your results populate, you will be able to see the candidates that applied to your specific requisition. Select the candidate’s name to view their specific profile within the requisition.
Requisitions

1. **Requisitions**: Navigate from your dashboard to your Requisitions by selecting the Requisition title in your menu bar.

2. A list of active requisitions will show on the screen. You can use the Filters function to set the parameters to narrow down the submissions results down to your specific requisition.

3. Select the title of your requisition to be brought to your requisition.

4. You can select the number of active candidates or the number of new candidates to view your candidates.
**Taleo Tip:** From the list of requisitions you can select the specific number of candidates to be brought directly to your list of candidates.
Changing Step/Status of Candidates

Navigate to your requisition and click on the blue number of candidates to view the candidate list. All new candidates should appear in the Step/Status of Manager Review: Manager to Review. You can move candidates through the process in groups or one at a time.

Moving Candidates in Groups

1. For some jobs, the Hiring Manager or Department Recruiter may wish to move multiple candidates at one time. To do so, ensure you are viewing the candidate list for your requisition and the candidates you wish to move are all in the same step/status.

2. Check off all candidates to be moved to the next Step/Status. All candidates chosen will be moved to the same point in the process. Candidates must all start at the same step/status (i.e. all candidates below are shown in Manager Review: Manager to Review).

3. Click on the More Actions tab to bring up a list of options. Choose the Change Step/Status option to bring up a pop-up box. The box will show the current Step/Status and the next move in the process. Select Apply and Close to move the candidates.
4. The candidates can be moved along the process as far as you wish to take them. You can continue to update the Step/Status up to the Offer stage. Once a candidate is in the Step/Status of **Offer to be Made**, you will need to stop to create the offer. The Department Recruiter will receive an email indicating that the candidate is ready to receive an offer. Their updated Step/Status can be viewed from the candidate list.
Moving Candidates One at a Time

1. Navigate to the candidate profile either from the Requisition or the Submissions tab on your dashboard.

2. While in a candidate profile, locate the More Actions tab at the top of the page. Click on the arrow in the tab for a drop-down list. Choose the Change Step/Status option.

3. A pop-up box will appear, giving options of steps to move the candidate through. The box will show the current Step/Status on the left and the next move in the process. You can review each applicant and change the status accordingly.

   a. If you wish to interview a candidate, you will need to stop changing the step/status of the candidate at “Manager Review: Proceed to Interview” by choosing Save and Close.

Taleo Tip: In the Change Step/Status box, you have two options:

   A. Apply and Continue changing Step/Status: By choosing this option, the box will remain open and automatically bring the candidate into the next step or status. Only use this option if you are moving candidates through several steps/statuses at one time.

   B. Apply and Close: By choosing this option, you are moving the candidate one Step/Status at a time. It will save your choice and close the window, bringing you back to the candidate list and showing the updated Step/Status.

4. Continue moving candidates through the Step/Status box to advance them through the process until the Offer: Offer to be Made step/status. Here, the Department Recruiter will need to go into the Offer grid to create an offer.
**Taleo Tip:** If you status an applicant by mistake, you can move back a step. From the **More Actions** tab, choose **Revert Latest Change of Step/Status** from the drop-down menu.

A pop-up box will appear to move the candidate back a step. Comments are required to be included when the **Revert** option is selected. Select **Revert and Close** to move one step/status back or **Revert and Continue** to continue reverting the Step/Status.
Creating an Interview

1. Ensure all candidates you wish to bring in for an interview have the Step/Status of Interviews: Interview Scheduled.

2. From the candidate list within the requisition, check off the candidate you wish to schedule an interview with.

3. Go to More Actions and select Schedule an Interview.

4. Fill in appropriate fields in the new window. Most of these will be auto-populated with information. You can make edits to any field. Select Next when done.

Modifying Duties After Hire – Adjunct

If your Adjunct or Adjunct Artist in Residence has been fully hired into the system and their duties have since been modified, the following steps allow you to inform them of any changes. You do not need to send a new appointment letter, as there is language in all letters covering a change in duties. You will be sending correspondence from the system to inform the Adjunct or Artist in Residence of the changes.

1. Open the Adjunct or Artist in Residence’s submission. Make sure you remove the in selection process filter so you can view all of your candidates for a specific requisition.
   a. The Adjunct or Artist in Residence’s Step/Status must be Hire/Hired.

2. From the candidate’s submission, select the Send Correspondence icon or from More Actions select Send Correspondence.

3. Select the radio button for Email from Send message by at the top. Select From Template. Then select Next.
4. Open the Filters and in the Keyword section, type your school/college name then select Apply Filters.

6. Select Edit Message from the top right corner to edit the message.
7. Use the **Maximize** button to view your modified duties letter in a full-screen format.

8. Complete the required changes highlighted in the blue typeface – old assignment, new assignment, payment changes, etc. Then select the **Maximize** button to exit the full screen.

9. Review your changes. Scroll to the bottom of the window and enter a message to the candidate in the bottom box (not the comments box) reminding them to Reply All to the changes. Then select **Send**.
10. You will receive a message stating the message was successfully sent to the candidate.

11. When the Adjunct or Artist in Residence replies all, Payroll/Data Management will receive the response.

12. Do not rescind the previous E-offer. There is no further action required of you unless the modified duties require a different FOAP.
   a. If you are paying with a FOAP different from the original E-offer, you will need to complete an EPAF.
Rescinding and Resending Offers
If you have extended an offer to an incorrect or invalid email address, you must send a request to Taleo Help to change the email address. Once the email address has been changed, the offer must be rescinded and revised before being resent. Otherwise, the original offer will continue to be sent to an invalid email address.

1. Navigate to your candidate’s submission. From More Actions select Rescind Offer.

2. Input a comment in the pop-up window and click Rescind Offer.

3. You will be asked to verify your response.
