Taleo is accessed from the TUPortal. To access select Taleo Talent Management System.

The Welcome Center will present you with options to access the Recruiting Center, Onboarding (Transitions), Requisitions, Candidates, and Resources. To access the Recruiting Center you will need to select the Recruiting link at the top of the Welcome Center page or you can select the Recruiting link in the navigation pane under the Centers title. The Resources section can be used to Delegate access in the My Setup area.
Selecting the **Recruiting** link will bring you to the list of your **Dashboard** page.

**Taleo Tip:** To create a Requisition, select the **Requisitions** tab at the top of the page.
The system automatically defaults to only showing you the requisitions you own. You can change the view by using the Filters panel on the left-hand side. You can change your dashboard filter to view information on which you collaborate or information within your coverage area. Coverage areas are Temple’s 3 or 5 digit department org.

It is recommended to use links and other navigation tools to move around the Recruiting Center instead of using the browser’s Back/Next buttons. The Back/Next buttons do not always yield consistent results.
1. You can search for your requisition using the **Quick Search** function. From the drop-down, select **Look up a requisition**.

![Quick Search](image)

2. Enter the **Posting Title** or **Requisition Number**, then select the magnifying glass or enter to complete the search.

![Look up a requisition](image)

3. The results will populate below. You can use the additional filters on the left-hand side to narrow down your results.

4. The **Menu** bar will bring you to different locations within Taleo. Selecting the specific title will bring you to that specific section. The blue arrow and black text are used to show you which section you are currently working in.
Creating a Requisition – Educational Support Professional

Both the Hiring Managers and Department Recruiters can create a requisition.

1. To start the Requisition, select Create Requisition from the Requisitions page. Then select Next to Create New Requisition.

2. The first step is to select a requisition template. The template is selected by entering the PCN of the position you wish to fill.
   a. A valid PCN is **required before** you start the requisition. Please check with your Human Resources Business Partner or Department Budget Manager if you have any questions about the title, e-class, or grade associated with the PCN.
   b. Educational Support Professionals positions have pooled PCNs. If you have recently created a new department or changed your org code, you will need to check School/College Budget Manager if a new PCN was created for the Educational Support Professional position.
   c. The format of the PCN will always be: 
      - **Educational Support Professional**
      - B followed by the 5 digit org

**Taleo Tip:** Do not use a requisition template/PCN that does not have your org code.
3. You can search for PCN’s by using the Filters function. For example, if you enter B then select Apply Filters to display the following:

![Filter Screen](image)

4. Click the Select button next to the PCN desired. Your Requisition Template will then populate with your PCN and the template title.

**Taleo Tip:** You may directly enter data into the fields and the field will begin to auto-complete. The data takes a few seconds to populate. If your data does not populate, then you do not have a valid entry.

![Select Template](image)

5. Next, you will land on the page to Specify Attributes. Note: **WE NEVER CHANGE THE JOB FIELD. THIS RESULTS IN REQUISITION PROCESS DYSFUNCTIONS.**

6. Enter the Hiring Manager. This can be your own name if you are performing that role. Again, you may type in the last name slowly and wait for the field to populate, or you may use the Filters function.

7. Next, you will enter the Organization. Start to type your 5 digit Home Org and suggested values will populate. Select the org desired.

8. The next step is to enter the location. Enter the campus and suggested buildings will populate.

There are different sections in the Requisition which need to be reviewed and completed. All required fields are marked with a red asterisk *.

**Taleo Tip:** Change the Show fields required to: Request Approval. This will display all of the fields required for approval as opposed to just the fields required to Save the requisition. This does not send the requisition for approval.

**Taleo Tip**: Some supervisors use their middle initial which might cause the supervisor to appear as not listed.

As an alternative, you can use the **Quick Filter** button. Type in a first name or last name, click the **Apply Filters** button and you will receive an appropriate selection list.
Structure
The structure section was completed after you selected the Create Requisition button. Caution should be exercised when making modifications in this section as they can directly impact the requisition process. Changes can be made when the requisition is in Draft (pre-Approval) Status only. Follow these guidelines:

- **Hire Type. Do not modify.** If this field is incorrect – then you MUST cancel this requisition and start over.
- **Requisition Template Used. Do not modify.** If this field is incorrect – then you MUST cancel this requisition and start over.
- **Primary Location.** If you need to make any changes to the location, you can select Modify Structure to make these changes.

A mismatch could result in users being blocked from seeing the requisition.
- **Job Field. Do not modify.** If this field is incorrect – then you MUST cancel this requisition and start over.

![Modify Structure](image)

2. You can start typing in the name of the **Department Recruiter**. Click on the name from the options given by Taleo.

**Hiring Manager**
1. The second owner of a requisition is the **Hiring Manager**. This is typically the person creating the requisition, managing the requisition, and candidates up until the offer is created.

2. Process
This section displays the system workflow being used. Do not change the candidate selection workflow for any reason. The **Additional Information** section is used for internal use only.
3. Job Information

Profile

This section contains data such as shift, targeted start date, and the Compliance questions.

1. **Compliance Questions** - Answers to these questions trigger processes in the background. These are required for all requisitions. **Not Specified** indicates an answer has not been given. You must choose a **Yes** or **No** answer.

2. **Target start date**: This is the first day of the teaching period

3. **Target end date**: This is the last day of the teaching period.

Compensation

1. The **Compensation** section displays the basis of pay for the Educational Support Professionals. All Educational Support Professionals requisitions should reflect a pay basis of **Monthly at the requisition level**. **DO NOT** make any changes to this section.

2. The **FLSA** section pulls into the requisition from the PCN. This can also be left as is.
**Job Description**

1. For any requisition created, you need to complete the *Internal Job Description* field. You can copy and paste using the HTML editor.

2. You have the option to paste directly into the field using the CLT+V function from your keyboard.

3. Even if you are using a generic template to create your requisition, you will need to update fields.

4. If you need to post the position externally you can use the Copy From function to copy the information from the Internal Job Description into the External job description.

5. Select **Done** to bring the information from the Internal field into the External Field.
**Questionnaire**

This section displays questions to be answered by the candidate who is applying to a requisition. The **Eligibility Questions** will be utilized on all requisitions. The applicant’s selected answer will have a green checkmark.

1. Additional questions may also be included. Click **Add** under the **Job Related Questions** section.

2. Utilizing a keyword you can use the **Quick Filters** on the left to find a question you want to add. Select the checkbox for the question then select **Add Questions** to add your questions.
3. Once the questions are added, choose **Required** for the applicable answer from the radio buttons on the right-hand side of the page. This will indicate to the system which answer meets requirements. If you select **Asset** this will be a response that goes above and beyond requirements. There can be more than one response marked as an Asset.
Saving a Requisition
All fields should be filled in and the requisition should be ready for approval. If you are still in the editing mode, at the top of your page, you will have four options.

1. **Cancel**: exits out of the requisition without saving changes.
2. **Done**: Save and collapses the various sections of the requisition.
3. **Save**: can be used throughout creating the requisition to ensure your work is being saved as you complete the fields.
4. **Collapse All**: collapses the various sections of the requisition

Taleo Tip: If you save your requisition before it is complete and will need to return to it, you will need to edit to make changes. Once a requisition is open and approved, the Edit button will no longer be available. The **Edit All** button will open each field of the requisition. The **Pencil Icon** will open that specific section to edit.

Taleo Tip: If the section is yellow, you are in the editing mode.
**Taleo Tip:** As you move through the requisition, the **status box** on the left will update and display the status of the requisition.

**Taleo Tip:** Each requisition has a unique number that is used to identify the requisition. This can be found next to the posting title once the requisition has been saved. The first two numbers of the requisition number are for the year the requisition was created. The six numbers following are how many requisitions have been created year to date.
Inspect Tool

1. Use the green Inspect tool to review your progress. If any field requires information, it will be listed in the Inspect Tool.

2. Select Save to review your requisition in the editing mode or select Done to save and close out of the editing mode.

3. You can use the Edit All or Expand All button to make any changes. If you save your requisition before it is complete and need to return to it, you can select the Edit button to make changes. Once a requisition is open and approved, the Edit button will no longer be available.

4. If you are in the editing mode, select the specific item that needs to be completed to be brought directly to that section. Once all items have been completed, select Done located at the top right-hand side of the requisition. Now that the requisition is ready for approval, the Inspect Tool will read File ready for approval.

Taleo Tip: This tool is critical when determining why you are unable to save a requisition.
Requesting Approval for Requisition

1. If you are a Department Recruiter and have the appropriate authority to approve a requisition, then you can self-approve a requisition by selecting the Request Approval from More Actions.

2. If you are a Hiring Manager, the system will default to your Department Recruiter as the first approver. If the position is grant-funded, then you must add your Research Administration contact, Elyse Castillo, as an approver.

3. To add department approvers, select Add Approvers. You are able to search for approvers in the new window to add to your list.

Taleo Tip: If your requisition is a grant-funded position, you must include your Research Administration contact, Elyse Castillo, to your approval path as the final approver.

Taleo Tip: If you typically have the same approvers for every requisition, you can check the checkbox to Add the approvers to the list of my frequent collaborators. Then when you select Add Approvers, you only need to check the Frequent Collaborators box to sort through your list of Frequent Collaborators.
4. When you are ready to request approval, add a comment in the comment box and select **Submit for Approval**. An email will be sent to the **Department Recruiter** to approve the requisition, starting the approval chain.

![Image of approval process](image)

5. If you are the **Department Recruiter** on the requisition you have created, your name will appear first in the **Request Approval** box. Your approval will be given automatically since you created the requisition.
**Taleo Approver Role**

Requisition approvers in Taleo are able to review requisitions sent to them for approval. After reviewing the information on the requisition, respond with your approval and leave comments for other approvers. This can be done from the approval email or from the online website.

**E-mail**

1. When a requisition is sent for approval, you will receive an email from Temple Human Resources, via a “No Reply” email address.

2. After a job has been unposted, you can use the Modify button to repost the job if needed.
**Searching a Candidate**
There are two ways you can search for your candidate.

**Candidate Quick Search**
1. In the Quick Search box ensure your field is set to **Look up a candidate**.
2. Type your candidate’s name.
3. Select the magnifying glass or **Enter** on your keyboard to generate the search.

**Taleo Tip**: Always use the candidate’s first and last name. This will help identify candidates with duplicate profiles. Using a TUID could bring up an incorrect profile due to duplicate profiles.

**Find Candidates**
1. From the menu, use the **Find Candidates** section to search for candidates.
2. In this search box, enter the name of the candidate you are searching for. The search function is specific, you will need proper spelling of names. Then select **Search**.
3. The name you searched will return results. If there is more than one profile for your candidate, all names will appear. Make sure you are selecting the appropriate profile.
Linking a Candidate to a Requisition

1. Select the checkbox of the name of the candidate you wish to match to your requisition to access their profile.

2. Then from More Actions, select Link to Requisition.

3. Internal candidates will be shown with a house icon. Within the profile, the Internal Candidate section will be indicated with a Yes response. All students or internal employees should have an internal symbol.
4. After selecting the **Link to Requisition**, a pop-up box will appear with a list of your requisitions. Select the checkbox next to the requisition (requisition ID = Requisition Number) to which you are matching the candidate. Then select **Link to Requisition**.

5. After clicking **Done**, a pop-up box will ask if you want to send an email to the candidate. Select **Cancel**, since the e-mail will invite the candidate to apply for the job that you have already linked them to.

6. The window will close and you will receive a notification stating your candidate has been matched to your requisition.
7. Navigate back to your requisition. It will now show a new candidate has been added.
Viewing Candidates
After candidates have either been matched or applied to your requisition, you will be able to view them in Taleo. You can navigate to candidates in two ways Submissions and Requisitions:

Submissions

1. **Submissions**: Navigate from your dashboard to your Submissions by selecting the Submissions title in your menu bar. Note that there are default filters set which impact your search results, and may give you the false impression that there are no results. Be sure to remove those filters you don’t need, such as “Draft.”

2. Using the Filters function, set the parameters to narrow down the submissions results down to your specific requisition.

**Taleo Tip**: Search for candidate submissions using the Requisition ID number.

3. Once your results populate, you will be able to see the candidates that applied to your specific requisition. Select the candidate’s name to view their specific profile within the requisition.
Requisitions

1. **Requisitions**: Navigate from your dashboard to your Requisitions by selecting the **Requisition** title in your menu bar.

2. A list of active requisitions will show on the screen. You can use the **Filters** function to set the parameters to narrow down the submissions results down to your specific requisition.

3. Select the title of your requisition to be brought to your requisition.

4. You can select the number of active candidates or the number of new candidates to view your candidates.

**Changing Step/Status of Candidates**

**Moving Candidates in Groups**

1. For some jobs, the Hiring Manager or Department Recruiter may wish to move multiple candidates at one time. To do so, ensure you are viewing the candidate list for your requisition and the candidates you wish to move are all in the same step/status.

2. Check off all candidates to be moved to the next Step/Status. All candidates chosen will be moved to the same point in the process. Candidates must all start at the same step/status (i.e. all candidates below are shown in **Manager Review: Manager to Review**).
3. Click on the **More Actions** tab to bring up a list of options. Choose the **Change Step/Status** option to bring up a pop-up box. The box will show the current Step/Status and the next move in the process. Select **Apply and Close** to move the candidates.

4. The candidates can be moved along the process as far as you wish to take them. You can continue to update the Step/Status up to the Offer stage. Once a candidate is in the Step/Status of **Offer: Offer to be Made**, you will need to stop to create the offer. The Department Recruiter will receive an email indicating that the candidate is ready to receive an offer. Their updated Step/Status can be viewed from the candidate list.
Moving Candidates One at a Time

1. Navigate to the candidate profile either from the Requisition or the Submissions tab on your dashboard.

2. While in a candidate profile, locate the More Actions tab at the top of the page. Click on the arrow in the tab for a drop-down list. Choose the Change Step/Status option.

3. A pop-up box will appear, giving options of steps to move the candidate through. The box will show the current Step/Status on the left and the next move in the process. You can review each applicant and change the status accordingly.

   a. If you wish to interview a candidate, you will need to stop changing the step/status of the candidate at “Manager Review: Proceed to Interview” by choosing Save and Close.

Taleo Tip: In the Change Step/Status box, you have two options:

   A. Apply and Continue changing Step/Status: By choosing this option, the box will remain open and automatically bring the candidate into the next step or status. Only use this option if you are moving candidates through several steps/statuses at one time.

   B. Apply and Close: By choosing this option, you are moving the candidate one Step/Status at a time. It will save your choice and close the window, bringing you back to the candidate list and showing the updated Step/Status.

4. Continue moving candidates through the Step/Status box to advance them through the process until the Offer: Offer to be Made step/status. Here, the Department Recruiter will need to go into the Offer grid to create an offer.
**Taleo Tip:** If you status an applicant by mistake, you are able to move back a step. From the More Actions tab, choose **Revert Latest Change of Step/Status** from the drop-down menu.

A pop-up box will appear to move the candidate back a step. Comments are required to be included when the Revert option is selected. Select **Revert and Close** to move one step/status back or **Revert and Continue** to continue reverting the Step/Status.

2. From the candidate list within the requisition, check off the candidate you wish to schedule an interview with.

3. Go to **More Actions** and select **Schedule an Interview**.

   c. Location
   d. Start and End date and times
   e. Default Time Zone (do not change, should reflect Eastern Time)
   f. Reminder
5. Next, choose **Select Interviewers** to add your interview participants.

6. The **Filters** on the left-hand side of the window will allow you to jump directly to the name or email address of the person you are searching for. Select the checkbox on the left-hand side of the participant’s name. Once your participant has been selected, click **Select Interviewers** to add your participant to the interviewers list.

**Taleo Tip**: Your interviewer must have Taleo access to be added as a participant.

7. You are also able to send a link of the candidate file or the requisition file to attendees, excluding the candidate. Click **Next** to review the interview invitation.

**Taleo Tip**: Check off the box for sending an invite to the candidate if you want them to receive an email with this information as well. Uncheck the box if you do not want the candidate to receive an email from Taleo.
8. Review your invitation, then select Submit to send the invitation.

9. You will receive the success message once you select Submit.
